## HUMANITY VERSUS EMPIRE: ILLUSTRATED SCIENCE

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. Illustrated. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.With the Big Bang Creation theory, which defines the universe as entropic and naturally self-collapsing, the universe has been dragged into the political scene as a scientific excuse to justify the existence of systems of empire that collapse all nations and people on Earth who are subjected to such systems that are totally entropic in nature. The theory of entropy, projected onto economics has made everything appear inherently small, finite, and collapse oriented, instead of being future oriented and development oriented. If this deeply intrusive mythology is not reversed, we commit our children and one another to death by starvation, because then the Ice Age Challenge will not be addressed and be responded to, so that the coming phase shift to glaciation conditions in the 2050s will overwhelm humanity. Very few people will survive the consequences. Thats why 3 books are needed to explore the issues. Mainstream cosmology regards the universe, the galaxies, and the solar system exclusively organized by gravitational force that is known to be the weakest universal force. Mass and gravity are all that the Big Bang Theory allows. However, the next higher-order force in the universe is the electric force that is 39 orders of magnitude stronger than the gravitational force. It is expressed in plasma that makes up 99.9999 of the universe. This reality is not allowed to be recognized as an organizing force in the universe, because it is expressed in electrically charged plasma that is deemed not to exist. Cosmology thereby imprisons itself with cosmo-mythologies where nothing is actually true, and humanity becomes imprisoned with it, by the false concepts. One of biggest imprisoning fudge factors, is...
