## THE AMERICAN PSYCHIATRIC PUBLISHING TEXTBOOK OF SUICIDE ASSESSMENT AND MANAGEMENT (HARDBACK)

American Psychiatric Association Publishing, United States, 2012. Hardback. Book Condition: New. 2nd Revised edition. 254 x 180 mm. Language: English . Brand New Book. The second edition of The American Psychiatric Publishing Textbook of Suicide Assessment and Management has been extensively updated and expanded to more thoroughly reflect the challenges clinicians face in assessing and managing suicide risk - and ultimately in preventing tragedy. The number of chapters has been increased approximately 20 , from 28 to 34. In addition, 22 new chapter authors were recruited for the second edition, representing nearly half of the 50 authors from the first edition, to allow the reader to obtain a more varied and sometimes new point of view. Focusing on core competencies where appropriate, the book offers many new features: An extensively revised organization of sections and chapters to coincide with the natural sequence of events in evaluating and treating patients. Depending on where clinicians are in this series of events, they may more readily access information they need. A robust and entirely new section on suicide prevention that includes chapters on lethal means restrictions, suicide prevention programs, and current research related to prevention; A chapter on suicide in the military, which was added to address the critical social challenge of depression and posttraumatic stress disorder in soldiers returning from Iraq and Afghanistan; An entire chapter on the role of the Internet in subjecting people to intimidation, humiliation, and the exposure of private acts to the public sphere. Cyberbullying is an emergent problem, that clinicians should know about. An extensive review of neurobiological findings related to the risk and completion of suicide, many of which have been reported since the last edition was published; A thoughtful discussion of the myriad issues raised by managed care, including split treatment, involving two clinicians managing a...
