Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. Large Print. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Crossroads is an up close and personal true story of Winifred s life. It takes you through her amazing experiences of growing up in England; with various accounts of her life in early childhood and her youthful romance; as well as the hardships endure by the many struggling families during the depression years and World War 2. The subsequent effects had a substantial impact not only on her life but on the people all around her. This book is set to become a 20th Century sensation, for not only is it a literary gem, but it also has great historical value for those interested in what life was like for a struggling family living in Britain during the 1930 s and 1940 s. It would certainly make for a great mini-series for its depiction of the various characters created from that era. Winifred starts her story off in the first person, to create a personable feel for the reader; she then changed her story to the third person as it reads like fiction with all the colorful characters evolving. The reader must remember that everything in this story is actual facts of what happened in Winifred s life; hence the story is a historical document as well. It is delightful to read, heartfelt, funny and also at times will have you in tears so be ready with your tissue boxes.
