This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

Book Condition: New. 200pp. Connecting India is a tribute to the hundreds of thousand of people who have been connecting India from Kashmir to Kanyakumari and Kutch to Kolkata, in difficult weather conditions and in diverse circumstances. In the Telecom field India stands equal to the developed nations, as far as technology usage is concerned. Within the country telecom has been used as an effective tool to combat social inequalities and to spread information, which is essential for growth.
