Adolescence: Development During a Global Era (Hardback)

By -

Elsevier Science Publishing Co Inc, United States, 2010. Hardback. Book Condition: New. 234 x 193 mm. Language: English . Brand New Book. This edited textbook will be appropriate for use in advanced undergraduate and graduate level courses and will serve as a comprehensive and timely introduction to the field of adolescent development, providing students with a strong foundation for understanding the biological, cognitive and psychosocial transitions occurring during adolescence. While certain normative biological and cognitive processes are relevant for all youth, development varies dramatically based on a youth's position in society. The volume will focus on contextual factors such as culture, racial identity, socioeconomic position and sociopolitical and historical events, highlighting the impact such factors have on the physiological and psychological processes and treating them as key elements in understanding development during this life stage. The authors will cover the major theoretical positions (both historical and contemporary) about adolescence as well as the relevant research and application. Additionally, modern phenomena - the ever-increasing influence of pop culture (i.e. Hip Hop), mass media and technology (i.e., the internet, gaming) and the evolution of family, education and the church - will be explored in depth. Each chapter will be written by...

Reviews

This ebook is definitely not simple to begin on reading but really enjoyable to read through. This really is for all who state that there had not been a worth reading. You may like how the author publish this ebook.
